

**INTERNATIONAL PRACTICAL SHOOTING  
CONFEDERATION**

**MATCH ORGANIZATION**

**2026 IPSC SHOTGUN WORLD SHOOT V SLOTS  
ALLOCATION PROTOCOL**

## FOREWORD

The slot allocation is managed by the IPSC Executive Council in coordination with the match organizer and the Regional Director of the Region where the competition is organized.

The pre-match slots are reserved for approved Match Officials and Organisation Crew, Sponsors of the championship, IPSC Patrons, Dignitaries (approved by the Match Director and IPSC), who are members in good standing of their Region of residence, IPSC Executive Council members and Regional Directors.

The maximum slots available at the main match for 30 Stages level V competitions are as follows:

Shotgun: 12 shooters/squad, 6 days = 864

## 1 - SLOT ALLOCATION PRINCIPLES

The Level V main match slots allocation is based on the following principles:

- Between 10 to 30 slots are reserved to the Patrons
- 
- All other slots are reserved to the IPSC Regions

To promote development, each Region who was in voting position at the 2025 General Assembly is entitled with 3 slots at the Main Match.

If the Region mentioned over wasn't in voting position at the last IPSC General Assembly, only 2 slot is allocated.

All the other slots are allocated proportionally in function of the average of per capita fees paid by each Region during the past 3 years.

Example:

If there are 500 slots available and a total of 10 000 members worldwide and if a Region X = 1000 members, then the slot allocation is =  $(500/10000) \times 1000 = 50$  slots

Final slot allocation for the Region X:

2 slots (Region in voting position) + 50 slots as per capita ratio – Total = 52 slots

## 2 – SLOTS DISTRIBUTION

After calculation, the IPSC administration advise the match organizer and the regions about the number of slots allocated.

### - 1<sup>st</sup> Distribution (1<sup>st</sup> round)

- 2 slots are allocated to all the voting Regions, who paid for 100 or more members.
- 1 slot is allocated to the Regions, who paid under 100 members.
- 14 slots are reserved to the IPSC Patrons.
- The rest of the slots are allocated to all the Regions following the per capita ratio calculation principle.

The IPSC administration sends a letter to all the Regional Directors to indicate the number of slots allocated, the Bank coordinates of the match organizer, the options concerning the wishes of the Region concerned as:

- Accept ALL of the slots as allocated (no returns, no extras)
- Accept ALL of the slots as allocated AND request additional slots
- Accept SOME of the slots as allocated, and return unneeded slots
- Accept NONE of the slots as allocated

and the deadlines fixed to provide the wishes from all levels and make the payment.

All the slots allocated at the 1st slot distribution who aren't reserved before the deadline will be allocated to all the Regions at the 2nd slot distribution

### - 2<sup>nd</sup> Distribution (2<sup>nd</sup> round)

The non-used slots from Regions and the IPSC Patrons from the first distribution will be whether distributed to the Regions, if possible in function of the requests, or following the per capita ratio calculation principle.

All the slots allocated reserved but not paid before the payment deadline will be given back to the match organizer.
